

BRITISH STANDARD

HIGH SECURITY FORTRESS CLASSIC MORTICE LOCK

This **5 lever British Standard High Security Mortice Lock** to BS3621:2007 standard meets the exacting demands of the insurance companies and the Police.

The Fortress Classic brings traditional style and craftsmanship to a modern mortice lock through its brass components. These brass components include 5 solid brass levers, key cam, follower, latchbolt, deadbolt, and 3 brass keys.

Higher security levels are delivered by a 20mm bolt throw on every lock, and both the Sashlock and Deadlock have hardened steel plates to resist drilling, and four hardened steel rollers in the deadbolt resist hacksawing

The Fortress Sashlock features a pull and twist action latch which can easily reverse the hand of the lock without the removal of the lock cover or screws.

The Fortress Rebates are available in two sizes 12.7mm (1/2") and 25.4mm (1") - with a choice of either Brass effect, Satin or Chrome effect finishes to match the forends. The Sashlock rebates are non-handed and come complete with full fitting instructions.

ORDERING DETAILS
