UF0401K

UF0402K

UF0403KD

THE TARVOS KEY-LOCKING UNDERFLOOR SAFES have been designed to accommodate all of your security requirements in a concealed location, in a product that offers the highest protection from theft and burglary.

- **SECURITY PROTECTION** – Recommended cash cover of £4,000 or valuables cover of £40,000*.
- **LOCKING** – Fitted with a high security double-bitted Mauer 71111 key-retaining key-lock and supplied with two keys. The lock is protected by a hardened plate and the door is fitted with a spring-loaded front bolt and deadbolt for extra security.
- **SPECIAL FEATURES** – The UF0403KD is fitted with a deposit facility and comes complete with capsules that enable you to make deposits into the safe without needing to open the door. The deposit facility incorporates an anti-fish device to prevent retrieval through the deposit tube.
- **INTERIOR** – The Tarvos has a fully flocked interior to protect valuables from damage.
- **FIXING** – Fixing instructions are available to fit the unit into a concrete floor.
- **COLOUR** – Finished in a high quality scratch resistant Gold paint.
