# Rosengrens Sargasso

Fire protection of documents

Rosengrens Sargasso is the optimal cabinet for secure and professional document storage. The cabinets are ideal for storage of a large amount of documents, in binders as well as in suspended files. The width of the cabinet enables an optimal number of DIN binders. Sargasso is available in 3 sizes and with a large variety of flexible and ergonomic interior fittings. The cabinets can be equipped with a special data media insert in cases where there is a need for additional fire protection of CD's, DAT cassettes, DLT tapes etc. Rosengrens Sargasso is tested and certified to withstand a fire for 1 or 2 hours.

Fire protection: Rosengrens Sargasso is tested in accordance with the European norm EN 1047-1 to class S 60P respectively S 120P and certified by ECB•S, which means that the cabinets will withstand a fire for 60 or 120 minutes. In addition the data media insert is tested and certified according to the same European norm to class E 60DIS.

Locks: As standard the Sargasso range is fitted with a high-security, resettable key lock. The cabinets can, as an option, be equipped with electronic locks and are prepared for dual locking for extra security.

Design: With the functional and ergonomic design and the colour in off-white, the cabinets blend in well in most environments.

Quality and environmental management systems: Rosengrens Sargasso cabinets are all manufactured in accordance with the ISO 9001 quality management system and the ISO 14001 environmental management system.
Rosengrens Product Guidelines: The construction of Sargasso has been tested and approved to the Rosengrens Product Guidelines which are based on all relevant European norms. The aim is to verify the user friendliness, safety and product lifetime, thereby assuring customers that our products live up to the highest expectations.
